INDEPENDENT AUDITORS' REPORT

Board of Directors
Trousdale County Emergency Communications District
Hartsville, Tennessee

I have audited the accompanying financial statements of Trousdale County Emergency Communications District, (a component unit of Trousdale County) as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of Trousdale County Emergency Communications District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Trousdale County Emergency Communications District as of June 30, 2009, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 30, 2009, on the consideration of Trousdale County Emergency Communications District's internal control over financial reporting and the test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of the audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

The audit was conducted for the purpose of forming an opinion on the financial statements of Trousdale County Emergency Communications District taken as a whole. The accompanying supplemental schedules in the table of contents, including the Schedule of State Financial Assistance, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and in my opinion is fairly stated in all material respects in relation to the financial statements, taken as a whole.

Trousdale County Emergency Communications District

Management's Discussion and Analysis

As management of the Trousdale County Emergency Communications District, (the District) we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2009. The analysis focuses on significant financial position, budget changes and variances from the budget, and specific issues related to funds and the economic factors affecting the District.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes.

Financial Highlights:

The assets of the Trousdale County Emergency Communications District exceeded its liabilities at the close of the most recent fiscal year by \$538,988. Of this amount, \$330,273 (unrestricted net assets) may be used to meet the District's ongoing obligations.

The District's total net assets increased by \$66,611 during the current year as the District received higher than expected operating grants and was able to control its costs within budgeted amounts.

Overview of the Financial Statements:

The Statement of Net Assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The basic financial statements can be found on pages 6-8 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 9-11 of this report.

Financial Analysis of the Financial Statements

As noted earlier, net assets may serve over time as a useful indicator of the District's financial position. In the case of the Trousdale County Emergency Communications District, assets exceeded liabilities by \$538,988 at the close of the most recent fiscal year.

By far the largest portion of the District's assets reflects its investment in capital assets. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Trousdale County Emergency Communications District's Net Assets

	<u>2008</u>	<u>2009</u>
Current and other assets	\$ 443,506	330,298
Capital assets, net	<u>30,924</u>	<u>208,715</u>

Unrestricted	<u>441,453</u>	<u>330,273</u>
Total net assets	\$ <u>472,377</u>	<u>538,988</u>

At the end to the current fiscal year, the District is able to report positive balances in all categories of net assets.

Capital Asset

The Trowsdale County Emergency Communications District's investment in capital assets from its activities at June 30, 2009, amounts to \$208,715 (net or accumulated depreciation). This investment in capital assets is in communications equipment. During the year the District purchased a new communications system with a cost of \$207,919.

TROUSDALE COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Notes to Financial Statements

June 30, 2009

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Trousdale County Emergency Communications District (the District) was created as a public corporation on November 8, 1998 under authority of the provisions of Chapter 867 of the Tennessee Public Acts of 1984, as approved by the voters of Trousdale County, Tennessee. The powers of the District are vested in and exercised by a majority of the members of the Board of Directors, who are appointed by the County Court. The Board consists of nine members. The District is considered a political subdivision and is exempt from Federal and State income taxes. The District is considered a component unit of Trousdale County. The County Court appoints the board of directors and the County Commission may adjust service fees and must approve bonded debt. As a result, the Trousdale County Commission indirectly imposes its will on the District.

Basis of Accounting

The accompanying financial statements of the District have been prepared on the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred. Expenditures are recognized in the accounting period in which the liability is incurred and is measurable.

The District applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) Opinions; issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The District has elected not to apply FASB Statements and interpretations issued after November 30, 1989.

Cash and Cash Equivalents

The District considers all highly liquid debt instruments purchased with maturities of 60 days or less to be cash equivalents.

Supply Inventory

Supply inventory is valued at the lower of cost (first-in, first-out) or market. Inventory items are considered expenditures when used (consumption method).

Property, Plant and Equipment

Property, plant and equipment of the District is recorded at cost. Depreciation is computed over the estimated life of the assets using the straight-line method. The estimated life for property, plant and equipment in service is from 5 to 10 years. The District capitalizes interest incurred on construction projects.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

TROUSDALE COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Notes to Financial Statements

June 30, 2009

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The District's annual budget is required by state law. The District's Board of Directors formally approve the budget. The budget is adopted on a basis consistent with generally accepted accounting principles.

Note 2 - CASH AND CERTIFICATES OF DEPOSIT

The District is authorized to invest funds in financial institutions and direct obligations of the Federal Government. During the year, the District invested funds that were not immediately needed in certificates of deposit and savings accounts. The District has deposit policies to minimize custodial credit risks. Deposits in financial institutions are required by State Statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and be deposited in an escrow account in a second bank for the benefit of the District and must total a minimum of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance. The District's deposits with financial institutions are fully insured or collateralized by securities held in the government's name.

Note 3 - PROPERTY, PLANT AND EQUIPMENT

A summary of changes in property, plant and equipment in service is as follows:

	<u>Balance 6-30-08</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance 6-30-09</u>
Equipment	\$ <u>101,624</u>	<u>207,919</u>	<u>29,223</u>	<u>280,320</u>
Less accumulated depreciation	<u>70,700</u>			<u>71,605</u>
Utility plant - net	\$ <u>30,924</u>			<u>208,715</u>

Note 4 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions, and natural disasters. The District purchases commercial financial bonded insurance for its officials. For all other risks, the District purchases commercial insurance. There have been no claims during the last three years.

TROUSDALE COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Notes to Financial Statements

June 30, 2009

Note 5 - SERVICE ARRANGEMENT CONTRACT AND ECONOMIC DEPENDENCE

The District negotiated a service application with Bell South for the installation and service of an Enhanced 911 Emergency Service System. Bell South furnishes equipment and service sufficient to operate the system for an initial installation fee and a monthly fee based upon the number of telephone stations and access lines served by the system.

Note 6 - RELATED PARTY TRANSACTIONS

The District contracted with the Trousedale County Building Inspector to do the current addressing. The contract is with the inspector personally; however, he received the contract based on his employment with Trousedale County. The contract was for the amount of \$4,800 a year. The payments are made to the inspector directly and are not transactions with the County.

Note 7 - DONATED SERVICES

The Hartsville/Trousedale County Sheriff Department provides dispatch services for the District. Amounts have not been assigned for these services because it is impractical to allocate the hours of each employee.

SUPPLEMENTAL INFORMATION

Financial schedules are used to demonstrate finance related legal and contractual compliance, provide details of data summarized in the financial statements and present other information deemed useful.

**COMPLIANCE AND
INTERNAL CONTROL**

JOHN R. POOLE, CPA
CERTIFIED PUBLIC ACCOUNTANT

134 NORTHLAKE DRIVE
HENDERSONVILLE, TN 37075

(615) 822-4177

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND OTHER MATTERS AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Board of Directors
Trousdale County Emergency Communications District
Hartsville, Tennessee

I have audited the financial statements (as listed in the table of contents) of Trousdale County Emergency Communications District as of and for the year ended June 30, 2009, and have issued my report thereon dated September 30, 2009. The Trousdale County Emergency Communications District is a component unit of Trousdale County, Tennessee. I conducted the audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing the audit, I considered the Trousdale County Emergency Communications District's internal control over financial reporting as a basis for designing the auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trousdale County Emergency Communications District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

My consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, I identified a deficiency in internal control over financial reporting that I consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

The significant deficiency is as follows:

Prior Year Reportable Conditions:

2001-1 Separation of Duties

Due to the limited number of personnel employed by the Trousdale County Emergency Communications District, several functions, which ideally should be performed by different individuals, are regularly performed by one or two persons. I recommend that the District strengthen its internal control in cash receipts, cash disbursements, and reconciliation of cash.

Management Response:

Due to the size of the office, a complete separation of duties is not possible. However we are continuing to monitor office responsibilities and segregate duties as needed.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, I believe that the significant deficiency described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trousedale County Emergency Communications District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of the audit and, accordingly, I do not express such an opinion. The results of the tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

I noted certain matters that I reported to management of the Trousedale County Emergency Communications District in a separate letter dated September 30, 2009.

Trousedale County Emergency Communications District's response to the finding identified in the audit is described above. I did not audit the Management Response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of the audit committee, management, and State Comptrollers Office and is not intended to be and should not be used by anyone other than these specified parties.

John R. Poole, CPA

September 30, 2009
